

Credit-based general course

- Transitioned to a general high school beginning in the 2026 school year.
- A credit-based general education course that provides a diverse array of learning opportunities.
- You can develop your own schedule featuring "compulsory subjects" alongside a variety of "elective subjects."
- Graduation within three years is achievable.
- Facilitates the reinforcement of foundational knowledge.
- Using various methods to earn credits.
 - Before school lessons: Classes conducted prior to the first period.
 - Inter-course concurrent enrollment: Students may enroll in full-time classes at our institution.
 - The curriculum of studying both part-time and correspondence course: Students have the opportunity to take correspondence high school courses at our school.
 - Additionally, students can earn credits for learning experiences outside of the school.
