

Australia Study Tour 2026

実施後事後レポート

Name: Student B

○ Lifestyle

There were three things I experienced for the first time in Australia. First, the people were cheerful and friendly. My host family welcomed us warmly. We danced together, went shopping, and went to the beach together. My host father was very friendly and sang along to music during our drives.

Second, I noticed that some things were more expensive than they were in Japan. Ramen and sushi were more expensive, but clothes were often cheaper due to sales. I also bought my favorite boots.

Third, I experienced Australia's nature. I saw and touched a kangaroo for the first time and I tried kangaroo meat. It tasted like beef. I was also amazed by the enormous trees and the abundance of birds that I had never seen in Japan.

Overall I had many wonderful experiences that I could not have had in Japan.

○ | Experience

At Mabel Park, I introduced the students to Japanese anime. Many people were interested and reacted positively. Some of them were wearing Japanese anime goods. Among them, DEATH NOTE was especially popular. I'm glad I chose Japanese anime as the topic of my presentation.

We also got to see a traditional Maori dance called the haka. The dancers painted their faces and danced together, shouting in unison. We also painted boomerangs, a popular traditional Australian toy.

Finally, we received hats and medals. I want to keep them as special memories of this trip.

○ What did you learn from this study tour?

I really enjoyed communicating with people from other countries. When I could answer their questions or when they responded to what I said, I wanted to learn more English and have longer conversations with them.

Before this trip, I did not have a clear idea about what I wanted to do in the future. However, through this experience, I started to think that I want to study English more and have a job where I can communicate with people from other countries. If I have another chance to join a training program overseas, I would definitely like to participate again.
