4/30 新入生歓迎会取材報告

天気は快晴、つつじの花が咲き誇る、爽やかな五月晴れの中での開催となりました。新緑も綺麗です。
新入生歓迎会は、YIS生全員参加型イベントです。
縦割りで班を作りゲームで親睦を深めます。
3択クイズ、イントロクイズ、山手線ゲーム、英単語しりとり、借り物競争で盛り上がりました。
初めはまだみんな馴染んでいなくて静かな感じでしたがゲームを重ねるにつれて、ワイワイガヤガヤとにぎやかに。

The welcome party for new students is an event in which all YIS students can participate.
The event took place under clear, refreshing May skies, with azaleas in full bloom. The new greenery was beautiful, too.
Students were divided into mixed-age groups and played games to strengthen their friendships.

They enjoyed multiple-choice quizzes, introduction quizzes, Yamanote Line game(a game where you have to name the stations on the Yamanote Line in the right order, to the rhythm.), English vocabulary chains and scavenger hunts. Initially, everyone was a little quiet as they didn't know each other well, but as they played more games, the party became increasingly lively.

《実行委員会の活躍》

実行委員会は、各クラス2名×3学年で約30名。
入学間もない1年生も実行委員として活躍していました。
昨年からの発足して準備を開始したとのことです。
反省会ではみんなの意見を上手に引き出している感じで素晴らしいなと思いました。
上級生の委員は、司会慣れしている様子で、大きな声で分かりやすく説明し、タイマー使って時間管理もしっかりしながら進行していて、さすがYIS生！と感心しました。

The Executive Committee consists of two students from each year group, totaling around 30 people. It was established just last year. The senior students on the committee were clearly used to being moderators, explaining things clearly and loudly, and using a timer to keep things under control while ensuring everything ran smoothly. It was wonderful that they managed to draw out everyone's opinions, during the review meeting. Some first-year students who had just enrolled were also active members of the committee. They really are great YIS students!

6/5、6 球技大会

今年の春の球技大会はドッジボール、バレーボールに加えエキシビジョンマッチの縦割りクラス対抗リレーも実施されました。学年を超えての応援にも力が入りました。

As well as dodgeball and volleyball, this spring's Ball Game Tournament featured an exhibition relay race between grade groups. There was lots of enthusiastic cheering across the whole school.

Comments from a committee member

During the Ball Games, I was able to see all the students having so much fun and working so well together as a team. They all looked happy and relaxed. The homeroom teachers were taking an active part in supporting the students and making sure that everything is going smoothly and orderly. The rest of teachers were there to cheer on the students, to talk to them and to sign on their t-shirts. It was great seeing the students' eyes beaming with joy as they could feel the love and support from everyone around them. Their only 'job' was to have fun. I was really impressed with how well students were taken care of while not being treated as small children but as young adults. And they were indeed young adults, kind and responsible who made the best of this great event that brought everyone together and strengthened their bond of unity.
